### HK Audio Linear 5 MKII 112 XA

The HK Audio Linear 5 MKII 112 XA is the "Swiss Army Knife" of professional audio. This high-performance, active 12" loudspeaker is built for versatility, serving as a crystal-clear front-of-house (FOH) speaker or a powerful, low-profile stage monitor. With its 1200W Class-D power and advanced DSP, it delivers high-fidelity sound and massive volume (136 dB SPL) while remaining the lightest and most compact unit in its class.

€45.00

### HK Audio Linear 5 MKII 308 LTA – Long-Throw Active PA Speaker

The LINEAR 5 MKII 308 LTA is the ultimate solution when you need to deliver high-fidelity sound over long distances. This high-performance, horn-loaded active unit is designed to bridge the gap between standard point-source speakers and line arrays. Thanks to its advanced Multicell Transformer (MCT) technology, it projects crystal-clear audio deep into the crowd, ensuring the back row hears the same detail as the front.

€75.00

### **dB Technologies ES 802 – Ultra-Portable Column PA System**

**€55.00**

The dB Technologies ES 802 is a high-output, vertical array system built for those who refuse to compromise on acoustic pressure and sound coverage. Unlike small portable speakers, this system utilizes a double-top column configuration to project sound further and wider, ensuring a professional "wall of sound" experience even in challenging acoustic environments.

### **Electro-Voice EVERSE 8 (White) – Ultra-Portable Battery Powered PA**

**€45.00**

The EVERSE 8 is the ultimate "no-stress" speaker. Designed for total mobility, this sleek white unit is completely wireless, running on a high-capacity internal battery. Whether you are hosting a rooftop cocktail, a beach wedding, or a pop-up event in the heart of Lisbon, this speaker allows you to bring professional sound to places where power outlets simply don't exist.

### **Mackie Thump 215 – 15" High-Output Performance PA**

**€40.00**

The Mackie Thump 215 is built for one thing: Power. As the largest member of the legendary Thump series, this 15-inch loudspeaker is designed for events that demand high-impact bass and massive volume. If you are looking for a speaker that commands the room and delivers a "club feel" without needing a separate subwoofer, the Thump 215 is the heavy-duty choice for your event.

### **Mackie Thump 212 – 12" Professional High-Performance PA**

**€35.00**

The Mackie Thump 212 is a professional-grade loudspeaker designed for those who need high-intensity sound and absolute reliability. Built to deliver a "big stage" sound in a versatile 12-inch format, this speaker provides the punch and clarity required for high-energy events. It is a workhorse of the industry, known for its "Built-Like-A-Tank" construction and its ability to handle demanding audio levels all night long.

### **Mackie Thump 118S – 18" Professional Active Subwoofer**

**€55.00**

The Mackie Thump 118S is a high-performance, heavy-duty subwoofer designed for one purpose: shaking the room. If your event needs that deep, physical bass that defines a professional dance floor, this 18-inch beast is the solution. It provides the massive low-end foundation that smaller speakers simply cannot reach, making it the essential upgrade for any high-energy party or concert.

### **Shure SM58**

**€8.00**

The Shure SM58 is the legendary "King of Microphones." Known globally as the industry standard for live vocals, this heavy-duty dynamic mic is famous for its nearly indestructible build and its ability to make any voice sound professional. Whether it's a high-energy rock concert or a prestigious corporate speech, the SM58 is the one piece of gear you can always trust to perform.

### **Shure SM57 LC**

**€8.00**

The Shure SM57 LC is the industry's most trusted professional instrument microphone. Known as the "Workhorse," it is the global standard for capturing loud, high-impact sound sources with absolute precision. Whether it is positioned an inch away from a screaming guitar amplifier or a snapping snare drum, the SM57 LC delivers a clean, punchy signal that has defined the sound of modern music for decades.

### **FOS F-7**

**€35.00**

Professional super bright outdoor IP65 Strobe/washer, 48 leds 15watt RGBW, 35° optics for each led , field angle 120°, diecast barndoor, Four section pixel control (Horizontal LED groups), true powercon and weatherproofs XLR in/out, Four different dimming curves (Linear, Square, Invert Square, S-Curve), Auto, Stand Alone & DMX512., 14.7kg.
